Application No. 18 712 343.5 - 1110	Ref. PN834973EP	Date 02.07.2021
Applicant Gilead Sciences, Inc.		

Communication under Rule 164(2)(a) EPC

With regard to the European patent application identified above, the examining division considers that, in the application documents which are to serve as the basis for examination, an invention or a group of inventions within the meaning of Article 82 EPC (hereinafter "invention") is claimed which was not searched by the European Patent Office in its capacity as International Searching Authority (ISA) or Authority specified for supplementary international search (SISA). For details concerning this finding, see the annex (Form 2906). A search will be performed in respect of each of these inventions found if

1 search fees

are paid within **two months** from the date of notification of this communication.
The amount payable for each further search is 1350.00 EUR.

As provided for in Rule 164(2)(b) EPC, the result of any search performed in accordance with Rule 164(2)(a) EPC will be communicated in an annex to a communication either under Article 94(3) and Rule 71(1) and (2) EPC or, where applicable, under Rule 71(3) EPC. In this communication the applicant will be invited, where appropriate, to indicate on which invention for which a search report was drawn up by the European Patent Office he wishes further prosecution of the application to be based, and to limit the application accordingly. Any subject-matter excised may be pursued in one or more divisional applications (Art. 76, R. 36 EPC).

Making payments

For payments made via deposit account, please note that as from 1 December 2017 debit orders will only be carried out if filed in an electronically processable format (xml), using an accepted means of filing as laid down in the Arrangements for deposit accounts (ADA), published in the Supplementary publication in the Official Journal.

All relevant information related to the modes of payment of fees to the EPO can be retrieved from the EPO website at "**Making Payments**".

Information concerning fee amounts

Procedural fees are usually adjusted every two years, on even years, with effect from 1 April. Therefore, before making a payment, parties should verify the amounts actually due on the date of payment using the applicable version of the Schedule of fees and expenses, published as a Supplement to the Official Journal of the EPO, available on the EPO website (www.epo.org) at www.epo.org/schedule-of-fees. The "Schedule of fees" table allows the viewing, downloading and searching of individual fee amounts, both current and previous.

Important note to users of the automatic debiting procedure

Unless the EPO receives prior instructions to the contrary, a search fee for (each of) the identified invention(s) will be debited on the last day of the period for payment.
