

Claims

1. A compound of the structure:

for use in treating a disorder characterized by the presence or development of one or more solid tumors comprising administering to an individual in need thereof a therapeutically effective amount of the compound, wherein the disorder is an adenocarcinoma, small cell lung carcinoma, non-small cell lung carcinoma, a melanoma, or a combination thereof, wherein the adenocarcinoma is colon cancer.

2. The use of claim 1, wherein the disorder is colon cancer adenocarcinoma.
3. The use of claim 1, wherein the disorder is a small cell lung carcinoma.
4. The use of claim 1, wherein the disorder is a non-small cell lung carcinoma.
5. The use of claim 1, wherein the disorder is a melanoma.
